To Whom It May Concern:

Last summer, Aylmer United Church partnered with Rainbarrel.ca and hosted two very successful rain barrel sales. Our efforts saw 550 rain barrels sold realizing profits slightly over the \$6,000 mark in just two days!

\$50 Rebates offered from the City of Gatineau certainly sweetened the deal, but pre-sales were brisk, especially for the two weeks prior to each of our sales. We completely sold out our first truckload necessitating a follow-on truckload sale three weeks later. Plans are already underway for our third sale on Saturday, May 14th, 2011.

Hats off to Larry and Leah Pomerantz from Rainbarrel.ca for their support and encouragement throughout our dealings with them. Besides providing their expertise and past experience with other sales, they answered all our questions, held our hand thru the process, kept us up to date on our sale numbers, promoted our sale on their website and other internet sites and at the end provided us with detailed print-outs of our sales that just added to a very positive experience.

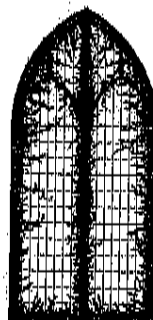

If your organization is considering Rainbarrel.ca, know that you have the support and recommendation of the Church Council Members of Aylmer United Church behind you.

Should you wish to contact us, please do not hesitate to call Cathy Mellon at 819682-7553 or at gregme@videotron.ca

Sincerely yours,

Stewart Cathy Mellon
